MISSION

Our mission is to provide a fully integrated pre school program to foster the Child's mental and social growth as well as physical emotional intellectual, sensorial, cognitive, language and aesthetic development. In addition, a sequential methodical and effective learning curriculum gives each and every child a holistic development and also gives them a solid and sound foundation for development in their formative years.

WHY PARENTS WILL COME FOR PRE-SCHOOL EDUCATION AT AN EARLY STAGE OF THEIR CHILDREN.

Being responsible parents you may always have difficulties in searching / choosing a good / ideal school. Educationist always remarks that searching a good school is equivalent to winning half the race. Generally in our country maximum parents are not at all very careful in choosing the right pre- primary education establishment for their small children. Reasons are they think that they need not be careful since the child is very small and they will be interested when the child reaches primary arena. Some of the parents are not at all aware about the importance of pre-primary education. Only approximate 10% parents do have the consciousness regarding initial level of education of their small children and they always search good school where their children will be starting the initial education in their life. It's a very unfortunate trend in our society, which needs immediate attention. Now the question is why parents should always go for qualitative education and a good ideal school for their small children.

A small child at the age group of 2-5 years has got the fastest growth period in his /her whole life span (as per observation of the child psychologist) .This particular age group is very crucial & delicate and this time period is also known as the **MOULDING STAGE**.

Thus at this stage a child needs overall exposure so that his/her awareness

level regarding the surroundings to be well known .Our parents must not forget one aspect that, it is a very competitive age and it has made it imperative that children need to be fully equipped to face challenges from the young age. A very balanced initial education only can lay a strong foundation which will concrete the future base, otherwise it is bound to get collapsed in the later stage, Therefore it is the moral duty of all the responsible parents to admit their children (when they will be sent to the school for the first time in their life) into an ideal good school which is balanced in each and every aspect.

We at Genius Kids understand just how emotional you are about your child's education. The school will always take care of the balanced education methodology for the small children so that education and school do not become a phobia for them, rather they enjoy the school and the environment in the same way they enjoy at the home.

FROM THE DESK OF THE PRINCIPAL

Dear Parent,

At the outset I welcome you to explore the world of GENIUS KIDS !

"Genius Kids" is a venture of "VSS Educational Services Private Limited" which aims at providing high quality Pre-school and primary education with exceptional facilities and unique training methodology.

Having its core competency in educational field for many years, GENIUS KIDS mentor includes eminent and erudite personalities, reputed academicians, top bureaucrats and many others from all walks of life.

"Genius Kids" aims to prepare children for a life of leadership, service fulfilment and personal fulfilment in an increasingly interconnected knowledge driven world.

We at "Genius Kids" encourage parents to share their views and experiences through regular interaction at the P.T.M.

We at "Genius Kids" encourage in all children, the growth of independent thought, character, creativity, expression, effort and personal discipline within safe and professionally managed school environment.

We have an enthusiastic, dynamic and highly qualified trained teachers and staff; committed to help each child reach their potential.

I am happy to announce that, GENIUS KIDS is also going to start a modern residential and day boarding school shortly.

I personally can assure you that joining "Genius Kids" is joining the community of Forward Thinkers, where the talents in each child is nurtured and ambitions are converted into reality.

I welcome you to discover this and much more at "Genius Kids" and assure you that GENIUS KIDS shall impart best quality and value based education for overall holistic development of your child.

Thank you,

Sumana Singh
Principal

HOW WE ARE DIFFERENT

Welcome to our school **Genius Kids**

Here your child receives holistic education, Our Curriculum is based on the educational philosophy of Mahatma Gandhi with foundation practices of Maria Montessori, Tagore, Reggio Emilia, Glenn Doman and Rudolf Steiner. **HOLISTIC DEVELOPMENT** is the goal of our curriculum and to achieve goal, we follow the child's hierarchy of needs. Every child has certain needs and till one's need is not fulfilled, development in the next stage will be weak, hence fulfilling all the needs are very important for lifelong learning.

We take care of the development of all the 8 important skills necessary for preschoolers

1. **Language Development**
2. **Emotional Development**
3. **Physical & motor Development**
4. **Social Development**
5. **Intellectual Development**
6. **Sensorial Development**
7. **Cognitive Development**
8. **Aesthetic Development**

Social commitments in association with charitable organization "Saishikha Charitable Trust" helping the cause of social development.

OUR PHILOSOPHY

At Genius Kids, we make children happy ! We create activities for laughter, love and learning by providing international quality child care.

We understand that every child has his or her unique abilities and requirement. At Genius Kids, we aim to nurture these little wonders and thus provide safe and positive environment in which each child can discover ,in their own way, the magic of learning and the joy of growing up.

OUR AIM

- To prepare a child for excellence in academics by making learning enjoyable.
- Inculcating the right values is an important part of our school. Values we believe will help our children build a 'better planet'.
- Quality education at affordable cost is our motto.
- Orientation of the children for the realistic environment by providing hands on experiences.
- To instill positive development in a child by presenting qualitative experiences and motivation.
- To augment gross and fine motor skills with outdoor and indoor activities.
- To stimulate and enhance creativity and imagination.
- To Groom the child through inculcating social and personal habits.
- To provide integrated reading and writing readiness program for development of language usage.
- To provide huge opportunities for self expression to augment self esteem and holistic development .

OUR PROGRAMS DEVELOP

- Confidence
- Responsibility
- Co-operation
- Self Esteem
- Love of learning
- Problem solving skills.

Inculcating the right values is an important part of our school .Values we believe ,will help our children build a better planet & hence we inculcate in them love for their elders and love for the world.

ABOUT THE CURRICULUM

Our curriculum is based on Montessori and play way method, we take care of the development of all the SIX important skills necessary for pre-schoolers. These are-

1. **Physical & Motor Development**
2. **Sensorial Development**
3. **Language Development**
4. **Cognitive Development.**
5. **Socio-Emotional Development.**
6. **Aesthetic Development.**

- Specially designed to look after the holistic development of the child. Hence there are language activities, maths, and logic activities, art activities, song and music activities and yoga and peace education.
- In India we are lucky enough to celebrate at least one festival every month. The children at our school will thoroughly enjoy themselves by celebrating all festivals.
- Genius Kids is a child's world, with everything designed for kids .We believe that children are our future and if we give them a strong and happy foundation, they will be able to build a strong and happy India and a strong and happy world Tomorrow.

Age one to six years is a crucial stage in child's development. At this period they require exposure to various sensory activities and rich stimulant environment. This is the best period to take out the hidden qualities of the child. Your child may be destined to become a star ,a noble laureate ,an astronaut or a scientist and may be signaling his talent ,which you are not able to catch.

These activities allow the child to develop as an all rounder thus giving him the space to explore for himself through our structure activities. So lets see how we can help our children develop their seven intelligence and you would be astonished at the potentials your child has within himself.

These seven intelligence are -

1. **Linguistic intelligence**
2. **Logical intelligence**
3. **Visual-spatial intelligence**
4. **Bodily-physical intelligence**
5. **Musical intelligence**
6. **Inter-Personal (social) intelligence**
7. **Intra-Personal (Reflective) intelligence**

BEST TEACHERS

Teachers at Genius kids act as facilitators and Mentors to our students. The institute lays a lot of emphasis on getting staff trained and updated through its structured training program on child development and the modern approaches. This training is dynamic, insightful and stresses on hands-on skills which ensures that they are fully equipped to facilitate children's development and education.

LIBERAL ASSESMENT

Genius Kids Assessment helps assessing the Child's understanding. Continuous and comprehensive evaluation ensures that there is cumulative understanding of the Child's strengths and opportunity areas. No child is left behind as Liberal assessment ensures that each child is tested the way he understands. The assessment lays stress on the uniqueness of each child, her way of leaning and reciprocating to situations.

UNIQUE LIFE SKILLS

Our Life Skills is a highly interactive, skill-based program designed to promote positive health and personal development for students. It helps students navigate the challenges of the school years and prepares them for the independence and responsibilities that they will encounter as young adults. The program uses developmentally appropriate and collaborative learning strategies to help students achieve competency in the skills that student needs to be successful in the society.

GENIUS KIDS NETWORK

Together we stand, together is strength, together we grow. Our Network enables collaborative learning and aim is to provide highlights of the conduction and results of the Intra school activities to facilitate positive growth and competition between students and teachers. The activities includes socializing, interactions at the community level, for school staff, parents, and other community members. This framework serves both, a goal and a tool of quality improvement through localized self-assessment, planning, and management and also a means for mobilizing the community around education and child rights

PARENTS @ GENIUS KIDS

Genius kids considers parents as effective partners in the child's growth and development To ensure this ,regular seminars, open forums and other innovative initiatives are taken care to builds a bridge between school and parents for the child development. The aim is to provide a platform to teachers and parents for a constructive and objective discussion about the progress of the child.

SCHOOL AT A GLANCE

- **Outdoor Plays capes:** - For children to develop gross motor skills and engage in physical activities like climbing, sliding, swinging etc.
- **Reading Centre:** - For children to gain library experience and imbibe a love for reading.

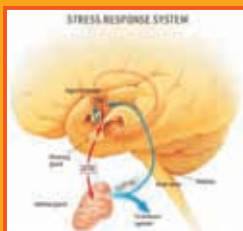

WHY THE FIVE SENSES ARE THE MAINSTAY OF OUR PEDAGOGY

Actual photograph

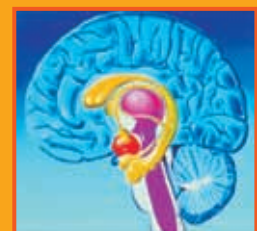

A child is born with more than 100 billion of brain cells but his/her usable intelligence is not determined by the number of brain cells, rather it is determined by the number of connections that are made between these brain cells. These connections are formed by the experiences & thoughts that we give to our children at Genius Kids.

UNSTIMULATED BRAIN

STIMULATED BRAIN

To Permit Complex Thinking

THE COMPONENTS OF GENIUS KIDS

- **Genius Kids Smart School (3yrs onwards)**
- **Genius Kids Club (3yrs onwards)**
- **Genius Institute of Teachers Training (GITT)**

GENIUS KIDS SCHOOL

Our school follows an integrated method of Learner Centric Education with the eight pillars of Multiple intelligence where the child is at the center point of everything it does. An outcome of years of research and development, the proprietary pedagogical model of hands on experience forms the backbone of all programs that runs genius kids School.

Whatever be a child's unique way of learning style, genius kids helps foster real understanding through its upholder, Content. Herein, each lesson unfolds via multiple pathways in the form of animations, movies, diagrams, interactive games, equipped lesson plan, projects and also educational field trips.. Our schools' proprietary student learning resources contain concept maps, synopsis and easy to relate content ,making learning fun innovative and worth while.

GENIUS KIDS DAY CARE & CRECHE

At our day Care, we are proud to provide a complete day care solution for young ones of working parents, a complete home away from home. We give personalized care, striving to be next only to a caring mother. The center is fully equipped and furnished keeping all the needs of a young child in mind. The ambience is unique, and carries an air of openness, full of light and air. The extended day care center provides facilities for children aged between 9 months and 12 years. We provide well balanced and healthy and nourishing age – appropriate food, cooked fresh every day at the center under the supervision of a senior faculty member to ensure utmost hygiene and cleanliness. The children are involved in age – appropriate activities so that they pick up some essential life skills in the process and the group activities inculcate sharing attitude in all the kids. We also provide children studying in other schools guidance in completing their home work and assignments in our **Genius Kids TUTORIAL**.

GENIUS KIDS SMART SCHOOL

Enhances a child's conversational skills and prepare pre-schoolers for high school interviews. It teaches the children effective phonic skills, sight reading and vocabulary development & at the same time it builds proficiency in communication skills, Pronunciation, diction, interaction etc. which develops his linguistic intelligence. Besides this the child will also sing songs with actions and play games and do interesting activities.

GENIUS KIDS ENRICHMENT CENTRE

'A healthy mind and body enables healthy learning'. At Genius kids , we strongly believe that each child needs to engage herself in extra-curricular and co-curricular activities to experience various facets of growth and get groomed for a challenging future. These activities are conducted in the evening allow a child to define where her passion lies and nurture it further. Our programs are designed to encourage the unique skills and talents of each child. From dance to , arts to music, language to literature, sports to yoga and meditation science club to AbacusEnrich takes care of all aspects of a child's development. Hundred per cent participation is ensured and no child is left behind.

INFRASTRUCTURE

ABOUT OUR TEACHERS

Teachers at Genius Kids always greet the children with a smile. The teachers are well educated & well trained. Not only do they smart, they are loving, patient, warm and dedicated too. They believe that, every child is important and is nurtured according to his developmental needs.

CLASSROOMS

Children love colourful environment and they prefer happy colours. Hence our classrooms have a colour theme on every wall, so you have red, yellow, blue and green walls. Unique pictures are displayed on the classroom walls. They teach the kids about every day objects, animals and help the teacher in building vocabulary, speech, inculcating the foundation for reading, matching activities and a lot more. The walls are not just decorative pieces, but they interact and teach. The classrooms are Airy, Air condition and Hygienic.

OUR FURNITURE

Furniture is minimalist. It does not clutter the place. Children love to move & hence lesser furniture is better for them. There are no sharp edges. They are colorful and relative to the height of a child. Even the cabinets are easily accessible by children. They are taught to be independent and self-sufficient; they can take and keep back their toys.

OUR TOYS AND OTHER EQUIPMENT

Since we follow the Tagore philosophy that is nature based, most of our toys are made from natural material like wood. Lesser use of plastic toys is preferred at our school unique toys are brought from all over the world selected for their ability to contribute to a child's learning and fun. They are specially used as part of their every-day-activity. Safety is given the prime importance. They are always child friendly. Children can take and keep them on their own.

ART ACTIVITIES

A complete set of art-material is at the child's disposal – play doh, paints, crayons, pastels, papers, painting brush, gum, stamping pads, different types of craft materials to enjoy, learn and grow.

BOOKS

A special reading corner, with children specific books that a child can spend his time productively; choosing various pages and looking at pictures.

BLOCKS

We help the child in colour, shape, size and weight recognition assisting them to grow hand-eye-coordination-sequencing, sorting and more .

PUPPETS AND COSTUMES

There are topic specific puppets and costumes and child's size puppet theatre, where a child can have fun and simultaneously grow on moto development, music and language among other skills.

OUTDOOR PLAY

Water play and sand play and other playing activities where a child doesn't just while away his time, but play games that are fun and add to his development.

TRAFFIC PARK

Teaches the rules & regulations of Traffic and signals.

ADMISSION KIT

No heavy bags, no boring uniforms and the child get his first present from school –

The admission kit – A cute bag, a T- shirt and a cap to be worn only on field trips, bag is specially designed to be soft, light and child-friendly. It's like a part of school being with him at home.

THE GOOD PARENTING MANUAL

The good parenting manual is a unique feature of Genius Kids. The manual can become a parent's best friend. It guides the parents through children related issues.

PARENTS- PARTICIPATION PROGRAMMES

The Genius Kids has the "art of parenting" workshop for parents to give them the much needed support and guidance in parenting skills. Regular workshop for parents along with monthly information sheets that keep them in touch with the happenings in their kids classrooms. Also there is a unique parenting article every month, which gives them insight on parental issues.

New proposed hi tech building of Genius Kids with all modern facilities and infrastructure at Garia

Rejection

If the Application for admission do not satisfy the management, the application stands rejected and all the enclosures are returned to the parent along with the rejected application form.

Remittance

Upon selection of Application / Applicant, the Parent needs to pay the applicable FEE as per the Fees Structure. The amount once paid (except security deposit) is non refundable under any circumstances, except in case of rejected applications.

No Refund

The amount once paid (except security deposit) is non refundable under any circumstances, except in case of rejected applications.

Discontinuance

When a child drops out of class / admission, the fees deposited by his/ her parent will not be refundable.

Right to amend rules

The management of Genius Kids reserves the right to amend rules and regulations whenever considered necessary and appropriate. Such amendments shall be intimated to the parent.

DISCIPLINE

Teaching pupil's discipline –how to conduct to themselves in the company of others and how to behave towards their fellow pupils and teachers-we believe, is as much a part of education as classroom teaching. The importance of discipline cannot be over – emphasized, but teaching children what it means has to be a joint effort: the cooperation of guardians is essential if any measure taken by the School to deal with this sensitive issue is to bear any fruit.

Though from the very beginning Genius Kids has made it clear to all concerned that no pupil is to be subject to corporal or humiliating punishment of any kind, it must at the same time be born in mind that indiscipline cannot be ignored or overlooked, if corrective measure are not taken in time, indiscipline may lead to misconduct of a serious nature.

The Principal will deal with all serious cases of indiscipline and decide on the measures to be taken in such case. Guardians on their part are requested to talk their wards about the importance of maintaining discipline at all times, both the home and school. They may send in their suggestion and view, including complaints, if any, in writing, and place them in the drop box kept in the School Office for this purpose or mail it to geniuskids08@rediffmail.com.

Please note that:

The letter must be signed and the name of the guardian written clearly in block letters below the signature.

1. The name, class, and section of the child must also be mentioned.
2. Any such letter must be specific, and give full details or particulars.
3. All information furnished in such letter will be kept absolutely confidential.
4. The interest of the guardian's ward will be fully protected- a guardian should not have any apprehension on that account.

May we ask all guardians to remember that while each of them is anxious about the welfare of her/his child, we have to worry about all the children entrusted to our care. We need the help of all guardians so that we may discharge our enormous responsibility as best as possible.

EMERGENCY

The Parent shall not hold the GENIUS KIDS or it's staff or management responsible for any accidents and or any mishap caused to child due to unforeseen circumstances or on health ground during his/her stay at the school and or during any field trips and or any exercise organized by the school.

SELF DECLARATION

I have thoroughly read and understood all the points under Rules and Regulations mentioned above and agree to abide by all the points. I also agree that any amendments and or additions thereto shall be binding on me / us.
